**WELCOME TO THE ZENITH
OF CUSTOMIZED HEADWEAR**

3 L A C K

Where innovation meets personality. Boldly rewriting the rule book and breaking free from typical headwear standards. Our dedicated designers and craftsmen have meticulously scrutinized and perfected every detail. Innovating new construction techniques and sourcing the best functional materials available. Creating the most comfort, durability, and style of any headwear available today, period.

However, the true magic lies in your hands, as each style can be customized to reflect your personality, ensuring that your headwear is as unique as you are. We began with one singular goal. Offer the world's first low-minimum customizable premium headwear line, and today, we are proud to offer you a collection sure to transcend all expectations.

ELEVATING THE STANDARD IN PREMIUM CUSTOM HEADWEAR

Our Signature Details merge refined construction techniques typically reserved for couture luxury brands with the technical functionality of modern sportswear to bring you a class of elevated casual headwear that you won't find anywhere else.

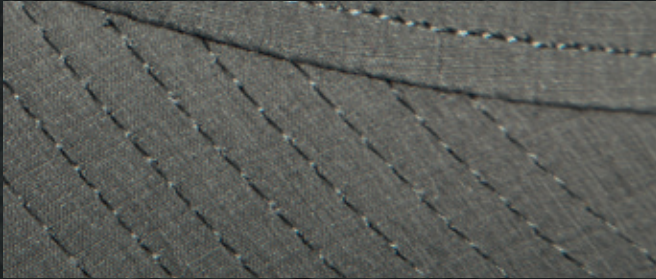

These details have been purposely designed to be tastefully understated, focusing on comfort, refinement and durability, providing the perfect stage for your branding, logos, or artwork to shine.

BLACK

SIGNATURE

DESIGNS

MAX STITCH CONSTRUCTION

Using the maximum stitch per inch allowable, we have developed stronger, more durable, and longer-lasting seams than your typical hat.

SLIM SEAM & WOVEN CROWN TAPE

Our narrow double needle top stitch and high-density woven crown tape work hand in hand to show our unwavering commitment to creating an ultra-refined look and feel, both inside and out.

FUSED INNER LINING

Seamlessly bonds with high-performance fabrics, providing all crown panels with a flexible yet durable layer, optimally balanced for weight, form, and performance.

PREMIUM SWEATBAND

Our super soft, multi-layer sweatband is designed for all-day comfort. The outer layers wick sweat away, while the open-cell core allows airflow for faster drying and extra padding for long wears.

LOWER PROFILE BUTTON

This subtle detail gives the crown a sleek, understated look.

FLOATING VISOR

Our visorboard material is designed to give your hat positive buoyancy, allowing it to resurface under average conditions.

ADD YOUR OWN PERSONAL TOUCH WITH SIGNATURE EMBELLISHMENTS

Each Pukka Black embellishment is a testament of the dedication to our craft, meeting you at the crossroads of innovation and customization. Allowing you to personalize your offering at an elevated level so that you can focus on what's important, your brand, your look, and your custom headwear.

These premium embellishment options are all available at a 24-piece minimum and are the perfect platform to customize and showcase your unique artwork today.

EMBELLISHMENTS

WOVEN LABEL SECURED WITH HEAT

High-density woven labels secured with heat-weld technology are ideal for adding unique, highly detailed artwork and branding.

RAISED & FLAT SILICONE PATCH SECURED WITH HEAT

Silicone patches with raised design details secured using heat-weld technology will elevate your headwear with a modern look.

HEAT TRANSFER

Premium heat transfers are vibrant, sleek options for boldly displaying logos and detailed graphic designs.

SILICONE ON WOVEN LABEL SECURED WITH HEAT

Woven label with raised silicone details secured using heat-weld technology is a new take on an old classic, offering crisp, clean details and attention-grabbing dimension and texture.

SILICONE ON WOVEN FLAG LABEL

Woven flag label with silicone detail is a perfect choice when you need incredibly crisp details and dimensions on a small footprint.

CUSTOM HEAT TRANSFER PRIVATE LABEL

Premium interior heat transfers are long-lasting, soft to the touch, and are a great way to customize any sweatband.
